

3 Set your mobile to ring with office number

On “Call Settings”, make sure the Mobility is “Active”, then select “Phones to Ring” option:

- **Office phone** – ring office phone only if called to your office phone number
- **Mobile phone** – ring mobile phone only if called to your office phone number
- **Both** – ring both office and mobile phones if called to your office phone number (Recommended to select this option)

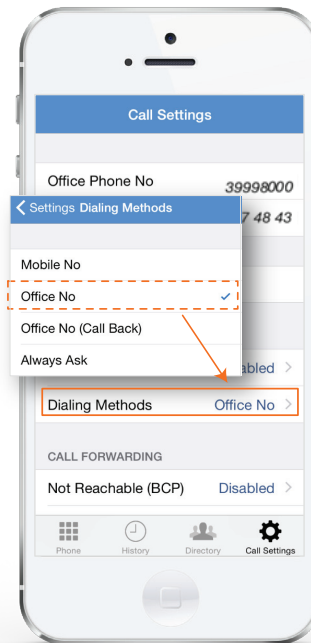

Press “Save” to activate the feature

4 Call with your Office Number

On “Call Settings”, select “Dialing Methods”:

- **Office No** – select this option to show your office phone number

5 Listen to Voicemail

On “Phone” screen, tap  button and select “Call Voicemail”. Follow the voice prompt to check voicemail on your office number

Tips

For the app installation, one(1) office number can only match one (1) mobile number.
